Our Complete Stock of Builder's & Shelf Hardware Must Be Sold At Retail Before March 20th

Some time ago we announced that we were going to close out our entire line of hardware at our retail store in order to give our individual attention to the jobbing business. Since that time we have sold much stock but there yet remains thousands of dollars worth of good, staple shelf and builder's hardware. The fact that these goods were bought at manufacturer's prices and are being sold at cost should induce you to come here and lay in a supply but many articles are being sold below cost.

Forced to Vacate Room On Or Before March 20th

This is due to the fact that the store occupied by us was sold and the purchaser demands that we vacate by that time. Rather than have any great amount of stock on hand then we will make prices that should attract everyone in need of any kind of hardware, and commencing Monday you will get better hardware values here than were ever before, or are likely to be given again in the southwest.

You'll Find Many Things You Need Every Day at a Big Saving.
